To Whom It May Concern

RE: Jordan Disposal Services

This letter of recommendation is based on my personal experience and the experience of many other managers and employees of LaBarge in reference to our work history with Jordan Disposal Services. LaBarge has done continuous business with Jordan Disposal Service for at least 29 years – some think it may go back as far as almost 50 years but those records are gone. The longevity of their continuous business relationship with LaBarge in itself speaks highly of Jordan's impeccable business ethics and high level of service. Throughout our business relationship, Jordan Disposal Services has always worked closely with LaBarge to provide whatever level of service was required including commercial refuse hauling, metals recycling, and other hauling services. Most recently, we have contracted with Jordan to move the production equipment and fixtures for an entire 35,000 square foot facility to another facility. This move was also accomplished with the same high degree of professionalism that we have come to expect from Jordan.

LaBarge is pleased to have Jordan Disposal Services as a current and long term supplier

A handwritten signature in black ink that reads 'Larry Cantrell'. The signature is fluid and cursive, with the first name 'Larry' being more prominent than the last name 'Cantrell'.
